

## Johnson Gift Generosity

Wesley United Methodist Church recently received an unexpected generous gift and we intend to gratefully share this gift with others. Our mission as a congregation is to "Serve Christ, Community and Creation." It is our intent to support our community by passing on a one-time financial gift to a few non-profit organizations in the Yakima Valley area.

We intend to support organizations in alignment with our Social Principles: we embrace all the hues of humanity, we despise the growing disparity between the rich and the poor, we deplore violence in our homes and streets. Organizations that wish to apply for support should be a registered non-profit and located in and working with people of Central Washington.

We are looking forward to supporting the work of a few organizations with a gift, possibly in the amount of \$10,000. Applications must be submitted to Wesley United Methodist Church by October 1, 2018 for consideration.
